Hi all, now all of you can chat with each other via "Member Chatroom" link on your "User Menu", go and find out!

If you are using Internet Explorer 8, please make sure to turn on the "capability mode" as it only support until Internet Explorer 7 at the moment.

Enjoy!

Feature cannot be use. Everytime I click on Member Chatroom, I get this...-> You are already register on this site!

I've tried with different browsers and all of it does not work. Can Admin look into this matter 'cos at time I need to chat directly with Admin or whoever is manning this forum on certain issues that needs immediate attention.

Thanks

"Game" the two words for us, buy tera gold should not strange it, even there are many people who are indulged in. In society, tera gold some people now become obsessed with network game, that is not good. We should give the game as a pastime, proper games can relax psychosomatic, regulate the life tera gold .
