Purpose, Vision And Goals

By Bob Proctor

Do you have a definite purpose that guides your ambitions, vision, and goals?

It doesn't matter how you think you arrived here on this planet or under whose direction -- the fact remains that each of us has specific talents and gifts that are uniquely coded within our own DNA.

As you go through life, you don't just pick up things you like doing by chance. You discover what you're good at because you were meant to discover it, just as you were meant to figure out what your fingers do, and how your elbows work. Your unique gifts are hardwired into your system just as surely as your lungs are given their blueprint to breathe.

And it's from these specific talents and gifts that you're able to define and determine your definite purpose... the reason why you're here. What's in you cannot be found in another living human being.

In fact, it's quite possible that what you bring to the table hasn't been duplicated -- ever -- since time began.

That's right! This "purpose" is serious business.

If you fail to determine your definite purpose, everything else is wrong. It's like working with a broken compass -- you may think you're going North, but you're not. You're not sure which direction you're heading, so, you're just wandering aimlessly.

Without your purpose identified firmly in your mind, you will wander through life, never quite feeling that you're "in the flow." I say, then, that it's imperative you recognize what it is you're good at -- what it is you really love to do.

Your purpose in this lifetime is to do the thing that you love.

People will tell you they already know what they're good at, and what they love to do most, but they'll never earn money doing it. Whoever gave you that idea? When you're sorting out your purpose, I don't want you thinking about THAT non-issue at all.

You can earn money at anything. Once you determine your purpose, you won't even have to think hard on how to earn money -- it's as if you're being guided by an unseen hand, heading in the right direction... and everything falls into place.

The key to your life is not that you settle for the "safe"

thing that will bring in the money. The key is to turn and do what you really love. Fall in love with an idea. That's your life!
That's your purpose. http://www.authenticsuccess.com.my/images/fbfiles/images/Leadership_compass-4d982d7461db5abeb3d692484ea5a161.jpg
